

# Do you need financial help to fulfil your educational dreams?

**If you live in Basingstoke,  
we may be able to help!**

**We provide grants to students who live in  
Basingstoke & Deane, no matter where their course is.**

The Queen Mary's Foundation was originally connected to the Queen Mary's School, which closed in 1972. The foundation remained and, despite strong connections to QMC, we remain independent, striving to help ALL students across the borough who could do with a helping hand.

With our heritage, we also support QMC students (past and present) who need help, but our aim is to support all individuals looking to further their education, either through a formal course or a broader educational experience. Over the years we've helped with equipment, paid for course fees and travel, and supplied other specialist items.

See [qmcfoundation.org.uk](https://qmcfoundation.org.uk) for more details
